VIRGINIA COMMONWEALTH CHALLENGE YOUTH ACADEMY

Medical Screening Process

Cadet Name (Last, First):	Date of Birth:
----------------------------------	-----------------------

Parents:

A complete physical exam by a licensed medical examiner must be **completed by prior to acceptance**. Entrance into the program is conditional based upon completion of examination and required medical documents. The sooner the examination and documentation is completed and submitted to the Challenge's medical team, the sooner a spot can be secured into the program. If you do not have medical insurance, contact your local health department for assistance.

Participants must complete the 3 page, "Medical History Survey" and provide full and accurate information concerning any and all medical, dental and psychological conditions. Any changes or new conditions must be report to the Challenge medical department prior to the start of the program, beginning October 3, 2016. After the start of the program, if undisclosed medications or medical conditions are identified, the Cadet will be dismissed from the program and returned home. The Challenge program cannot assume any financial or personal liability or risk for participants that have previous medical, physical or mental health conditions or disorders that could or would be impacted by the rigorous nature of the program.

Medical Provider:

The patient presenting this medical packet is applying to the VIRGINIA COMMONWEALTH CHALLENGE YOUTH ACADEMY. The Challenge program is a 5 1/2 month residential program with a quasi-military structure, strict adherence to discipline, rules, and order; encompasses a high-stress environment. The students live in open-bay dorms with others and attend school on a daily basis. In addition, the program conducts rigorous physical training on a daily basis. For this reason, we are unable to accept applications from students who require ongoing medical or dental care for conditions that originate prior to their arrival that prevents their full participation on a daily basis. Minor injuries and illness that arise during the program are handled on a case by case basis. The Challenge program does not have the capability to manage the medical care of students with more serious illnesses or injuries that will impact their daily participation in the program. **Please review the Medical History Survey, complete the following and provide your best medial judgment as to the student's ability to safely participate in the Challenge program:**

- Physical Examination
- Range of Motion Screening
- Medication Verification
- Certification of Immunizations
- Drug Testing – can be provided at any Labcorp or Patient First Center. Court Mandated, 5 panel (NonDOT) instant screen or laboratory screen will be accepted.

Once all forms are completed, please provide copy to parent and fax copies of all records to the Challenge Medical department at 757-491-5934 or via email to: Challengemedical@vachallenge.org. It is the ultimate responsibility of the parent/guardian to ensure **all records are provided to the Challenge medical team**.

Any questions, please contact Challenge's medical department at 757-491-5932, ext 243. Hours of operation are Monday through Friday, 9am-5pm. If you need to leave a message, please leave date and time of call. A Medical team member will contact you within 24 hours. .

VIRGINIA COMMONWEALTH CHALLENGE YOUTH ACADEMY

Medical History Survey

PURPOSE: This survey must be completed by parent (or guardian) /youth in order for the youth to participate in the **22 week residential program which utilizes a highly structured quasi-military format. Understandably youth will need to be able to withstand the physical and emotional stressors during their transition into the CCYA lifestyle.** These questions are designed to determine if the youth has developed any condition which would make it hazardous to participate in CCYA academic/athletic program. "Yes" answers are not necessarily disqualifiers. Dishonesty or non-disclosure of medical history are disqualifiers.

Certification of Immunization Status

IF YOU ARE EXEMPT FROM IMMUNIZATIONS DUE TO RELIGIOUS, PERSONAL OR PHILOSOPHICAL REASONS, YOU MUST OBTAIN A [CERTIFICATE OF EXEMPTION](#) OR A [LETTER](#) STATING SO SIGNED BY YOUR DOCTOR.

The Virginia School Immunization Law requires that children be up-to-date on their immunizations (shots) to attend school. Whenever children are brought into group settings, there is a potential for the spread of infectious diseases. Diseases like chickenpox, measles, and whooping cough spread quickly, so children need to be protected before they enter school. Present your immunization record with your application. The immunization record must show the date (month, day, and year) your child was administered each required shot. If you do not have an immunization record or your child has not received all required shots, contact your doctor or local health department now for an appointment.

Review your child's immunization record to make sure you have a date for each shot required.
